NephU™

Improving Awareness & Patient Outcomes

Through increased awareness, collaboration, and information-sharing, **our mission** is to improve the future outcomes for individuals with kidney disease and other related conditions.

NephU is supported by Otsuka Pharmaceutical Development & Commercialization, Inc. (OPDC) and Otsuka America Pharmaceutical, Inc. (OAPI) – committed supporters of the Kidney Health Community. The information provided through NephU is intended for the educational benefit of health care professionals and others who support care for those with kidney disease and other related conditions. It is not intended as, nor is it a substitute for, medical care, advice, or professional diagnosis. Health care professionals should use their independent medical judgment when reviewing NephU's educational resources. Users seeking medical advice should consult with a health care professional. No CME or CEU credits are available through any of the resources provided by NephU. Some of the contributors may be paid consultants for OPDC and/or OAPI.

Why Join The NephU Community?

- Participate in **informative webinars** about hereditary kidney disease, general chronic kidney disease, renal replacement therapy options, and behavioral health of kidney disease patients.
- Attend events that provide a platform for education and **collaborative discussion** about the management of kidney disease and strategies to improve kidney health.
- Access our growing **on-demand resource center** of educational materials, tools, including the **ADPKD Simulator**, and other resources developed for the health care community caring for patients with kidney disease and related conditions.
- Easily keep up-to-date on the **health care topics and policy changes** relevant to kidney health.
- Access **new insights from nephrology thought leaders and industry experts** through a variety of formats including video, audio, webinars, social media, and more.
