

# NPACE POLICIES

## NPacers Webinar Series Long Term COVID Care in Primary Care May 21, 2021

---

**Non-CE Partner Programs:** Some partner programs are provided by commercial interests and are not eligible for ANCC accreditation of continuing nursing education credit. These programs are designated as Non-CE programs and contact hours will not be awarded. Any incentives offered to participants of these programs are provided by NPACE and not the commercial interest, and these incentives are for registered attendees only. You may be required to provide your NPI number as part of the registration process.

**CE-Sponsored Programs:** NPACE offers CE-Sponsored programs through healthcare education partners in conjunction with our Webinar programs whenever possible. These programs will be disclosed to participants in compliance with ANCC guidelines.

**Commercial Support & Sponsorship:** Learners are informed if any entities have provided commercial support or sponsorship for this educational activity on the *Disclosures* tab within the product on the NPACE Learning Center including information on how NPACE maintains integrity and prevents bias in the presence of commercial support and sponsorship.

**Statement of Liability from NPACE:** NPACE reviews presentation content to ensure that it is based on the most current evidence, which may include but is not limited to evidenced-based practice, literature/peer-reviewed journals, clinical guidelines, best practices, and content expert's opinion but does not independently research and verify the information provided by its Presenters. The information given by the NPACE faculty has been researched by the presenter, making certain that the dose of drugs and schedules of treatment are correct and compatible with standards generally accepted at the time of the presentation. Nevertheless, as new information becomes available, changes in treatment and in the use of drugs become necessary. Participants are advised to carefully consult the instruction and information guidelines before administration. This advice is especially important when

using new or infrequently used drugs. NPACE disclaims any liability, loss, injury, or damage incurred as a consequence, directly or indirectly, of the use and application of any information given in a presentation.

**Consent to Use of Photographic Images and Video Footage:** NPACE intends to take photographs and video of this event for use in NPACE news and promotional material, in print, electronic and other media, including the NPACE web site. By participating in this event, registrants grant NPACE the right to use any image, photograph, voice, or likeness, without limitation except redaction of participant name unless authorized, in its promotional materials and publicity efforts without compensation. All media becomes the property of NPACE. Media may be displayed, distributed, or used by NPACE for any purpose.

**Non-Endorsement of Products:** NPACE's status as an accredited provider of continuing nursing education does not imply endorsement by NPACE or the American Nurses Credentialing Center (ANCC) of any commercial products discussed or displayed in conjunction with this program, including within the Virtual Exhibit Hall.

**Presence or Absence of Conflicts of Interest:** All planners, presenters, faculty, and content reviewers of this activity must disclose any relationships with commercial interests, or lack thereof, in relation to the educational activity. See the webinars *Disclosures* tab within the product on the NPACE Learning Center.

**Privacy Policy:** To fully participate in the Virtual Webinar experience, registrants will be asked to create a profile within the platform. This profile will allow for interaction in virtual networking events, chat features, and virtual exhibit hall participation. Registrant retains complete control over how much information is shared with other participants and who this information is shared with. NPACE cannot be held responsible for any attendee's participation in these features.
